

Crawford Market™ Candles

Crawford Market™ Exquisite Candles are an ideal solution for the discerning customer who is experienced and knowledgeable in the world of candles. These all natural beeswax candles burn beautifully and emit fantastic pure essential oil scents.

The company uses only certified natural ingredients and is also committed to working with the underprivileged to improve their lives.

Crawford Market™ a 21st Century Indian company with roots in the 19th.

Large Exquisite Candle: description

Our weaved wick is designed to burn under a ceiling fan or in an environment that has A/C. The large exquisite is not only beautiful in colour but it emits a wonderful light when lit and releases spectacular smells for over 60 hours. It has been designed for looks, light emission and smell propagation.

Small Exquisite Candle: description

The wick on these candles are also weaved but are smaller and thus not as resistant to strong wind conditions. The colour of these small exquisites is wonderful, however they are less designed to emit light than to release the scent of our 100% natural essential oils. These small candles are perfect for perfuming a room. They burn 15 hours. Place them in corners strategically and transform your environment.

Tealights Exquisite Candle: description

The exquisite tealight burns 3 hours and is designed as a one time burn. It is a great way to create an environment where strategically placed tealights pepper a room with light and smell. They are a great solution for the small get togethers.
